Supported by

Held in conjunction with

Organised by

India's Leading Trade Fair for Joining, Cutting and Surfacing Technology

The 8th INDIA ESSEN WELDING & CUTTING organized by Messe Düsseldorf India and Messe Essen from 27 – 29 November 2018 recorded an impressive opening. Around 91 exhibitors from 7 countries exhibited their latest products and services at the country's most influential platform for the entire welding segment. Co-located with wire India, Tube India and Metallurgy India at Bombay Convention and Exhibition Centre, the metal fair quartet attracted around 14,617 trade visitors, delegates and key decision makers from all parts of India. The show happening every two years, witnesses exhibitors presenting their state-of-the-art products, services and technologies relating to manual and machine welding in one of the world's largest growing market of the future.

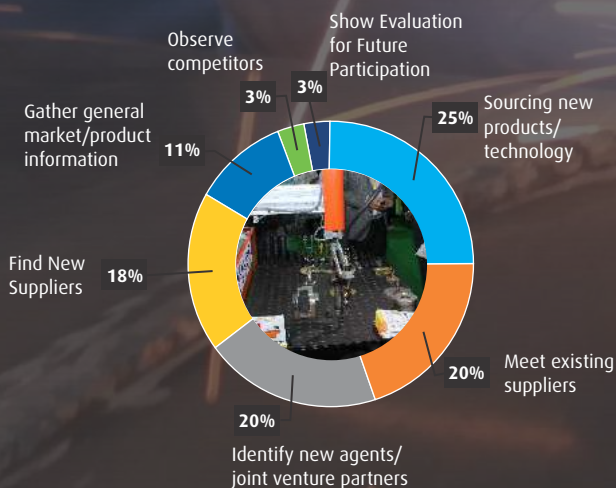

The 9th INDIA ESSEN WELDING & CUTTING scheduled from 23-25 November, 2022 at Bombay Exhibition Center, Mumbai is once again expected to be a greatly expanded fair which would feature all aspects of welding technologies, coating, surfacing, robotics and automation. This exclusive business-to-business platform will attract Indian and foreign exhibitors who would offer wide range of technologically innovative manufacturing and engineering products and applications.

THE LEADING FAIR IN THE INDIAN MARKET

INDIA ESSEN WELDING & CUTTING is the leading trade fair in the Indian market for joining, cutting and surfacing technology. Every two years, exhibitors present their latest products, services and technologies related to manual and machine welding in one of the world's largest growing markets of the future.

Purpose of Visit

Visitor Target Group

- Aviation
- Automotive & OEM
- Defence Equipment
- Electrical / Electronics
- Energy Equipment & Power Plants
- Instrumentation, Testing & Measuring Instruments
- IT & Telecommunications
- Iron & Steel & Metal Fabricators
- Materials Handling
- Mining & Construction Equipment
- Oil & Gas/ Chemical Processing
- Railways Coach Building
- Ship Building
- Tool Manufacturers

Concurrent Special Features Only at INDIA ESSEN WELDING & CUTTING VENDOR DEVELOPMENT PROGRAM

"After the successful completion of 4th edition of **Vendor Development Program**, once again we will open our doors to provide an opportunity for manufacturers to understand the procurement processes of PSUS like L&T, Golden Rock Workshop Railways, BHEL Haridwar, Navel Research Materials Laboratory, Godrej & Boyce, NPCIL etc."

Objective of Participation

Exhibitor Target Group

- Plant and Equipment for Joining, Surfacing and Cutting Processes
- Plant and Equipment for Heat Treatment and Other Production Processes
- General Production Equipment for Automation
- Plant for the production of Filler Materials and Consumables
- Fillers Materials
- Workshop and Workplace Equipment, Safety Equipment, Health and Safety Accessories
- Adhesive Bonding, Sealing, Applying
- Consumables and auxiliary materials
- Quality Assurance, Measurement and Testing Technology
- Sub-contracting (services)
- Systems for computer-aided production, data processing
- Instrumentation and control technology, automation
- Thermal spraying
- Industry Services Organisations for Joining & Cutting
- Vocational and further training
- Research, specialized literature and regulations
